

ZERO-TURN MOWERS

NEW ZEALAND EDITION

HUSTLER[®]

WHY HUSTLER IS A BETTER MOWER

SMOOTHTRAK™ STEERING

Glide around obstacles and make zero-radius turns with ease

PATENTED PARK BRAKE

Never forget the brake again with automatic parking system

TOUGH FRAMES

Spend less on maintenance with our unmatched durability

HEAVY-DUTY DECKS

Finish your yard like a professional

SIMPLE DESIGN

Enjoy peace of mind because fewer parts mean fewer problems

LOW CENTER OF GRAVITY

Stay balanced with superior handling and stability

HUSTLER - IMPROVING LIFE & LAWN CARE

In 1964, Hustler was introduced as the first zero-turn mower. That spirit of innovation continues today as Hustler Turf Equipment sets the standard in crafting and creating innovative zero-turn mowers.

Developing new products and improving existing ones is a source of pride for the Hustler Turf Equipment team. It's that pride, plus hard work and ingenuity that all comes together to create the strongest, highest performing, and best quality zero-turn mowers that proudly carry the Hustler name.

THE STEVENS GROUP DIFFERENCE

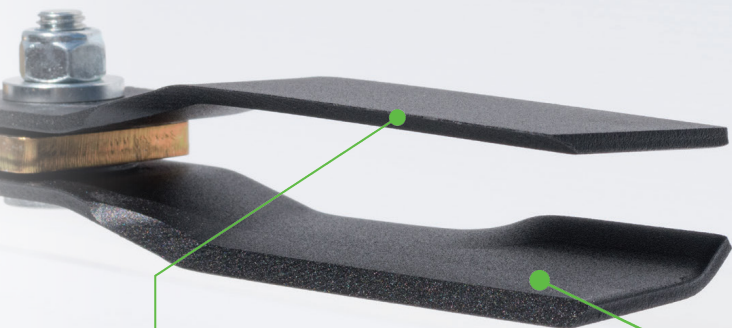

STEVENS GROUP MULCHING SYSTEM MAKING BEAUTIFUL LAWNS EASIER

Available on all side discharge Hustler Mowers.

The proven STEVENS GROUP MULCHING SYSTEM, designed and engineered by Stevens Group, excels in New Zealand's unique environment.

Two cutting edges cut grass into smaller particles for faster decomposition. The top blade then acts as a rotating ceiling, preventing grass being ejected upwards after cutting, avoiding grass build-up under the deck. Downward airflow from the top blade forces cut grass into the lawn for a superior finish, even in the harshest conditions.

BOTTOM BLADE: CUTTING EDGE #1

Bottom blade cuts and lifts grass to be re-cut by top blade

TOP BLADE: CUTTING EDGE #2

Top blade acts as a rotating ceiling, re-cutting cut grass and deflecting it down into the lawn

IDEAL FOR UP TO

1
ACRE

34" & 42" Decks

Mow tough terrain with heavy-duty, welded steel decks.

Get Comfortable

Enjoy the ride with built-in lumbar support and natural air flow.

Powerful Engine Options

Maximum performance with Kawasaki® engines.

Foot-Operated Deck Height

Easy hands-free deck height adjustment.

DASH XD

HUSTLER INGENUITY IN A SMALL YARD ZERO-TURN

If you've got grass that grows, now you can get a Hustler that mows, even in a small yard. The new Hustler Dash XD enables homeowners with a 1 acre yard or less to experience the speed and precision of a zero-turn mower.
