

MORBARK®

MADE FOR **MORE** TO KEEP PACE WITH **YOU**

23XT TRACK CHIPARVESTOR® WHOLE TREE DISC CHIPPER

Morbark 23XT Chiparvestor® whole tree chippers are built to last. The improved chipper hood design allows for better access to the disc during inspections and maintenance. Like the previous Model 23 Chiparvestors, the 23XT uses a 75" (190.5 cm) diameter x 5" (12.7 cm) thick chipper disc to chip large volumes of wood, while the built-in dirt separator with deflector keeps the end product clean.

FEATURES AND BENEFITS

- The Morbark Integrated Control Systems (MICS) monitors pressures, temperatures, clutch systems and engine efficiency to maximize performance.
- Each disc is fabricated from plate steel and put through ultrasonic testing. Material certification is issued for each disc, which provides the best chipper disc in the industry.
- Large work platform makes for easier and safer disc inspections and maintenance.
- Compact, 8'4" (2.54 m) width makes this machine is easy to transport anywhere in the world.

MORBARK®

MORBARK 23XT CHIPARVESTOR SPECIFICATIONS

GENERAL	US	METRIC
Length	31'4"	9.55 m
Height	11'11"	3.63 m
Width	8'4.25"	2.54 m
Gross Weight (approximate)	63,560 lb	28830.3 kg
Engine	CAT	
Horsepower	800 HP	596 kW
Fuel Capacity (tank)	300 gallons	1,135 litres
Hydraulic Oil	100 gallons	378 litres
Tracks	320L Caterpillar Undercarriage	

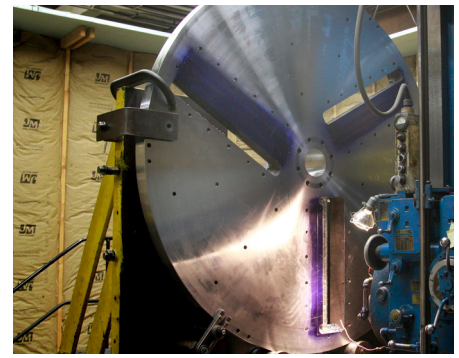

Specifications may vary with equipment options

Powerful multi-wheel feed system provides positive feed of logs and tops for excellent chip quality.

Large work platform makes for easier and safer disc inspections and maintenance.

Each disc is fabricated from plate steel and put through ultrasonic testing, and material certified.

EQUIPMENT HIGHLIGHTS

- 75" (190.5 cm) diameter x 5" (12.7 cm) thick three-knife chipper disc with LH rotation
- Two-wheel hydraulic feed system: One 28.75" x 42" (73 cm x 106.68 cm) top feed wheel and one 13" x 42" (33.2 x 106.68 cm) bottom feed wheel
- Integrated Skidder Bar
- Remote control with a tethered remote back-up system
- Reversing fan
- Dirt separator with deflector
- Hydraulic swivel/telescoping discharge spout
- 11-HP (8.2 kW) air compressor
- Light package

OTHER SPECIFICATIONS

- Chip size: 0.625", 0.75", 0.875", 1" (in mm: 15.88, 19, 22.22, 25.4)
- Knives (3): 23" x 5" x 0.5" (58.42 cm x 12.7 cm x 1.27 cm)

OPTIONS INCLUDE

- 4-Knife disc in lieu of standard 3-knife
- ESPAR heating system for cold-weather start
